 - Discounts + bonus on insurance and procurement.
- See more at tl.dk/medlemstilbud

WE KNOW YOUR TRADE AND YOUR INDUSTRY

Teknisk Landsforbund – The Danish Association of Professional Technicians – is a trade union for creative specialists who work or train within the fields of technology, design or construction.

As a member of TL, you become part of a professional network. We know your trade and your education and the challenges you may face.

TL has an impact on what goes on at your place of education. This is obtained through representatives at all places of education, wherever possible.

We are experts on salaries and conditions of employment, and we negotiate collective agreements in your field. We can help you, if problems arise in your future place of work.

AS A STUDENT, MEMBERSHIP OF TEKNIKERNES A-KASSE IS **FREE OF CHARGE**

This means that you may receive unemployment benefits as soon as you complete your training, as long as you have been a member of the unemployment fund for at least 1 year, still free of charge.

Teknikernes A-kasse – The Technicians' unemployment fund – knows your trade and your industry. That is a significant advantage, if you are unemployed when recently graduated.

You must meet various criteria, which you will find on the back of the registration form, see page 5.

Unemployment fund for students

Don't miss out on
DKK 13,815
with early registration
DKK 15,844
for parents with
dependent children

REGISTRATION FORM. YOU CAN ALSO SIGN UP AT TL.DK

CHECK OUT THE RULES FOR FREE UNEMPLOYMENT FUND MEMBERSHIP

CRITERIA FOR FREE UNEMPLOYMENT FUND MEMBERSHIP FOR STUDENTS

- You must be at least 18 years of age. Special rules apply regarding free unemployment fund membership, if you are more than 30 years old. Contact the unemployment fund for further information.
- You cannot receive public benefits (rehabilitation, social benefits, etc.)
- Your education must yield the right to graduate admission into an unemployment fund.
- You must have a maximum total income of DKK 231,864 annually (2021).

You are eligible to receive unemployment benefits as a recent graduate, if you:

- Are enrolled in the unemployment fund.
- Have completed your training.
- Has resided and stayed in Denmark immediately before the start of training.
- Be residing and staying in Denmark 14 days after the end of training at the latest.
- Have within 14 days of the end of training changed your status to recent graduate or otherwise made us aware that you have completed your training.
- Meet the general requirements for eligibility for unemployment benefits, including availability to the labour market.

ECONOMIC ADVANTAGE WITH **EARLY** REGISTRATION

If you join the unemployment fund at least one year before the end of training, you are entitled to unemployment benefits immediately upon ending your training. Otherwise you may only be entitled to unemployment benefits 1 month after the end of training. As a graduate, you get DKK 13,815 (2021) in unemployment benefits and DKK 15,844 (2021), if you are a parent with dependent children.
